The National Savings PICTURE MAP OF THE CONTINENT OF EUROPE

with its *geography* and *natural features* clearly portrayed, and with its *historic events, famous buildings, great men, industries* and other matters of interest clearly described and illustrated

within a BORDER displaying the IMPORTANT FACTS of each of the 29 European countries including the SIZE, POPULATION, and CURRENCY, etc.

The whole should be studied by all citizens, and growing citizens of GREAT BRITAIN, for the better understanding of our neighbours

SAVE FOR THE FUTURE

we have great things to do—together

At the time of going to press the only available information for inclusion in this map is that of 1938. The boundaries and figures therefore, are those of that year. The facts have been carefully checked, and are, so far as we know, correct.
